GREEN TECH BUILDING FOR GREENER BUSINESS

Seeking the positive.

Times are changing. Sustainability has become a pre requisite in all modern age buildings. It's not a trend, it's a necessity. M3M Urbana Business Park changes the game with its green architecture par excellence and its zest for a better tomorrow.

We hope you make the right decision and contribute towards the little efforts to co-exist peacefully with nature.

+918470930121 | www.abcbuildcon.in

No negative impact on the environment. A positive proposition for your business. M3M Urbana Business Park, a targeted green-tech building combines world class working spaces with sustainable architecture. It safeguards the elements of nature with the power of technology and the wisdom of M3M.

Located in Gurgaon's most promising area, the asset is poised for superior rental and lease potential as well as high capital appreciation. The catchment area around the development makes it an opportunity, that can't be missed.

For business owners, M3M Urbana Business Park provides the perfect platform for networking and a new age commerce operation environment. For investors, it offers the perfect solution to the office space in keen demand of corporates, thereby ensuring a regular, constantly growing rental potential.

PARTNERING WITH THE PIONEERS

+918470930121 | www.abcbuildcon.in

The concept

The global business scenario is going through a radical change. The spaces in which business operate from, need to evolve at the same pace too. The iconic architecture of M3M Urbana Business Park effectively fulfils the three fundamental needs of a successful business conducting space.

Smart

By being people friendly

Spacious

By being space friendly

Saving

By being extremely cost effective

Architecture by RSP, Singapore.

RSP has been at the forefront of creative, functional and environmentally responsible design philosophy. Much of modern Singapore has been conceptualized and cultivated by the maverick architects at RSP. They are credited with designing landmark buildings all over the globe.

A win-win architectural proposition for office owners, as well as office goers

- The vision of RSP is to create a pleasant, welcoming environment for those that come to work here everyday
- A modern ecosphere offering a plethora of rejuvenating activities, where people enjoy a variety of options during lunch breaks, tea breaks, or while hosting a meeting
- To provide ultra modern facilities for new age business so they can focus on their core competencies

+918470930121 | www.abcbuildcon.in

International Construction Norms:

The M3M Urbana Business Park concept of construction and structural engineering is based upon the learning from international Green tech norms and research.

The ergonomics of Space and light:

M3M Urbana Business Park is a reflection of M3M's futuristic philosophy of building for tomorrow's needs. The harmony of space, light and air circulation is mandate with the international designers appointed.

+918470930121 | www.abcbuildcon.in

Landscaping that adds to productivity

The nooks and corners, the pathways and water bodies and shrubs have all been 'designed' and planned for aesthetic beauty and functional relief from hard structure.

Landscape Design Inspiration

The landscape design is inspired by contemporary aspects with hints of Californian character exhibited throughout the development. The landscape is integrated with architecture through the use of bold planting statements at arrivals, visual hardscape paving surfaces, decorative features and selective water features at key areas. Each component is harmoniously integrated into the property and offers a visual treat to every visitor.

Salient highlights

- Globally sourced species of plants to be intermixed with local area plants
- Every individual area designed as per its usage and functionality
- Californian styled elements infused to accentuate important areas
- Visually enticing leisure areas for holistic experience

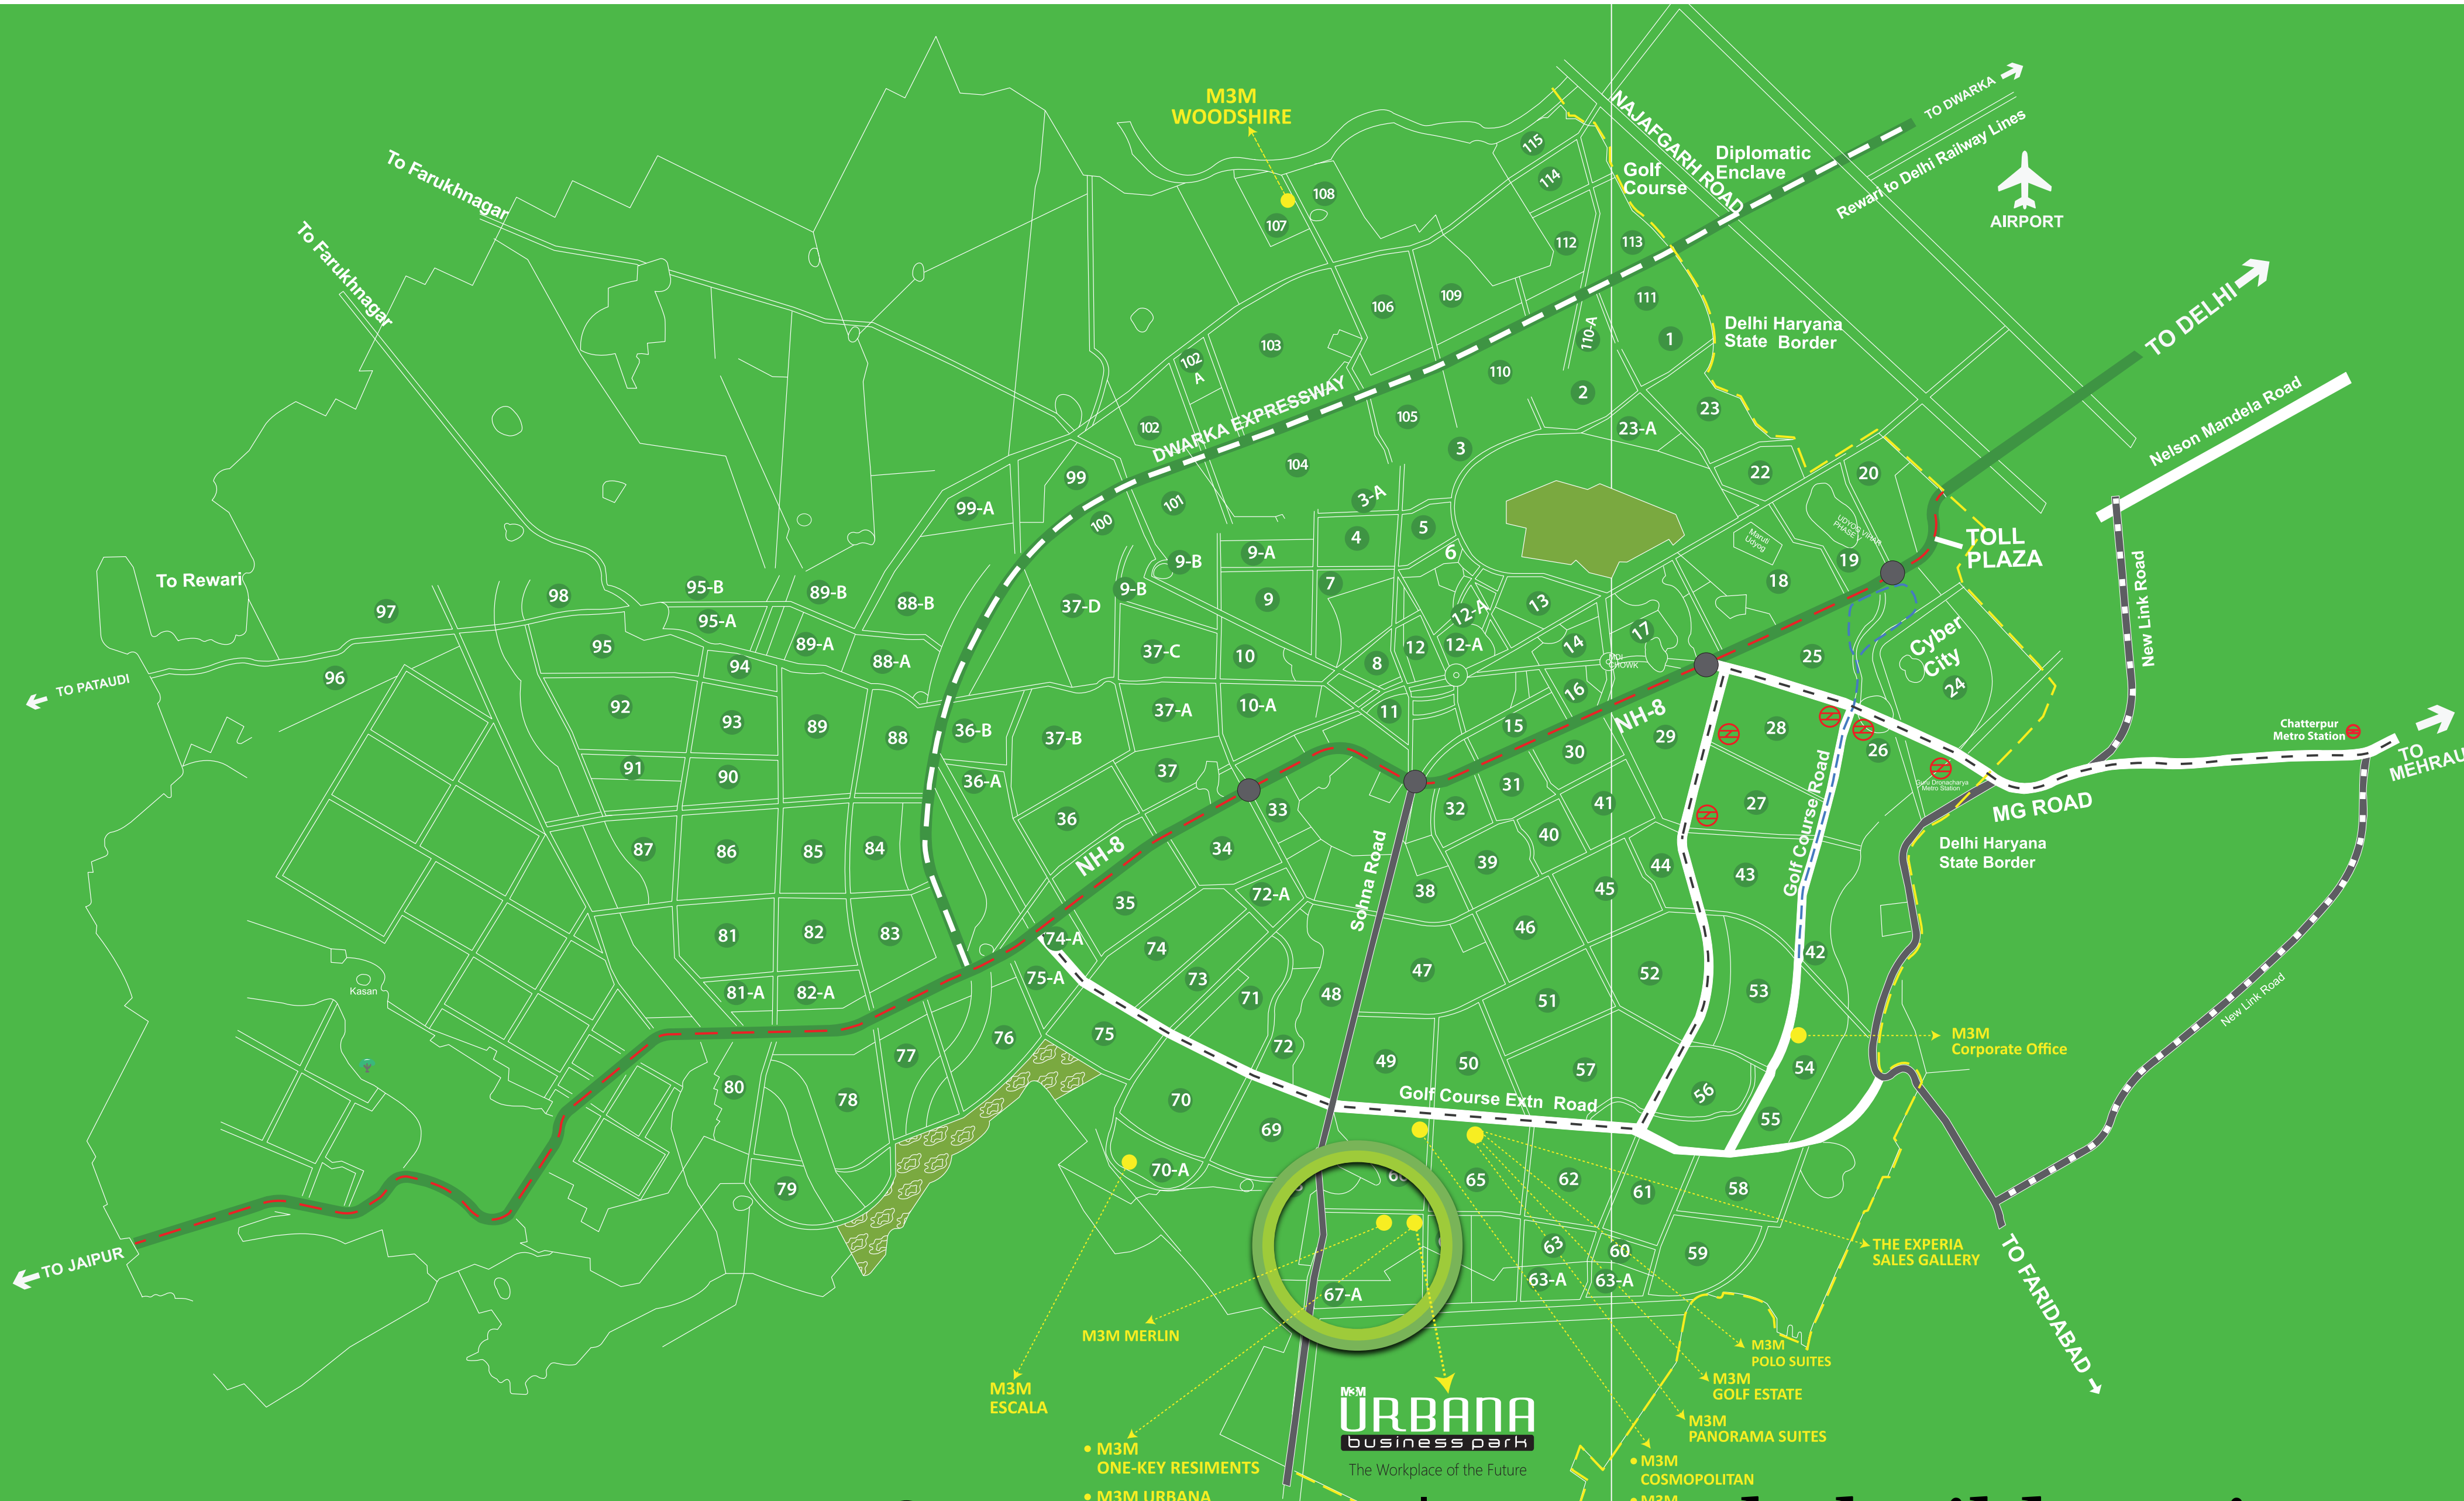

Lighting concept of M3M Urbana Business Park

The lighting has been done judiciously as to allow the tower frontage and signage to blend with the surrounding architecture and lightning.

- As per the building's architectural design, which allows for maximum natural light, complementing lighting will be deployed to assist the structure's plan
- Best quality materials and equipment will be sourced from the companies' global vendors

A GREAT INVESTMENT CATCHMENT AREA

- Conveniently located in sector 67
- Wide range of residence options to suit every budget available in close proximity for employees of tenants
- Minutes away from Sohna Road, as well as Golf Course Road
- Easily accessibility to the expressway
- Part of large scale development including residential areas, hotels, malls and entertainment zones
- Metro connectivity
- Excellent location for corporate houses

Key Distances from various places

- a) International Airport : 20 kms
- b) Domestic Airport : 23 kms
- c) Golf Course Road : 5 kms
- d) Malls on MG Road : 10 kms
- e) Prominent Hospitals : 5 kms

* MAP NOT TO SCALE

M3M URBANA BUSINESS PARK

BREATHE BETTER AIR

M3M Urbana Business Park is centrally air conditioned, which are designed to dramatically boost energy efficiency. Space efficiency is also enhanced by the compact size of the individual units.

The system uses a mix of fresh air and filtered air to create a cool and comfortable working environment.

Centrally Air Conditioned | Mix of fresh air and filtered air is recirculated

+918470930121 | www.abcbuildcon.in

M3M URBANA BUSINESS PARK

SWITCH ON THE NATURAL LIGHTS

M3M Urbana Business Park has been designed to maximize the intake of natural lights. Tinted Glass is used in glazing for optimum comfort and façade has been provided to allow in plenty of sunlight.

Passive shading devices have been integrated in the building's architecture to minimize heat gain.

Optimised
Building
Orientation

Maximized natural
light intake

Reduced
heat gain

+918470930121 | www.abcbuildcon.in

LESS ELECTRICITY BILLS.
MORE SUSTAINABILITY.

With a design so efficient, and planning so fool proof, you save a lot on your monthly bills.

+918470930121 | www.abcbuildcon.in

RECYCLED.
RENEWABLE.
REINVIGORATED.

M3M Urbana Business Park is slated to be constructed using fly ash bricks whose manufacturing method saves energy, reduces pollution of fly ash which otherwise will have to be discarded.

Rainwater will be extensively used to reduce utilization of fresh water.

Instead of wood from depleting Indian forests, aluminum glazing have been extensively used.

- Rainwater harvesting
- Fly ash bricks / Clay bricks
- Modern wood substitutes

+918470930121 | www.abcbuildcon.in

A GRAND START TO THE GREAT DAY AHEAD

As you step inside the luxurious world of M3M Urbana Business Park, you'll become a part of a global business phenomenon. The grand entrance lobby heralds the visitor into an experiential world replete with best in class features and world class facilities.

From New York to London. Dubai to Singapore. Your entry to your office in Gurgaon will be nothing less than powerful.

+918470930121 | www.abcbuildcon.in

A dynamic splash of clear water against a light blue background, with droplets and ripples visible.

LEADING THE GREEN DEVELOPMENT REVOLUTION IN INDIA

We are in times when safeguarding the environment is not just a CSR activity, whereas it's a development prerequisite. M3M Group has always been the frontrunners in challenging set conventions and coming up with innovative eco-friendly solutions to make the change. From ground up till the final completion and further maintenance, we inculcate environmentally safe practices employing eco friendly technologies, wherever possible.

Modern construction technology and new age materials allows us to maximize our vision of creating green buildings. But it takes the right knowledge and precise execution to make it happen!

We have achieved sustainability in

- Fly ash bricks & fly ash in concrete
- Rain water harvesting
- Roof insulation for minimising heat gain & consequent energy saving
- Sewage Treatment plant for recycling water
- Solar panels for heating water
